Gooseneck Systems

BA871 Ultimate™ Steel System

Entire system is covered by a **lifetime limited functional warranty**. The heavy 6" square, 3/16" wall pole and extension arm are super rigid and provide 60" of safe play area. Pole, extension arm, 42" x 60" steel backboard and double rim have a durable black powder coated finish. 40" ground bury. Order pole padding separately.

BA873U Ultimate™ Clear Polycarbonate System

Same 6" square pole system as BA871 but includes an official size 42" x 72" clear unbreakable 1/2" thick polycarbonate backboard and outdoor breakaway goal. Order pole and backboard padding separately. **Lifetime limited functional warranty.**

PR98U Ultimate™ Adjustable System

The rim height is adjustable from 7 1/2' to 10' with a convenient removable hand crank. 6" pole is designed for 40" ground bury. Rigid extension arm provides 50" of safe play area at 10' rim height. Backboard is official 42" x 72" size and is constructed of clear 1/2" thick unbreakable polycarbonate with an aluminum frame. All steel components have a durable black powder coated finish. Order pole and backboard padding separately. Entire system including double rim breakaway carries a **lifetime limited functional warranty.**

PR99 Twin Post Official Glass System

Full size tempered glass backboard with breakaway rim make this system the closest thing to indoor court play. The double 5 9/16" galvanized posts provide superior rigidity to the backboard and 6' of safe play area. Backboard is designed to eliminate all glass stress from contact with the rim and allows a **lifetime limited warranty.** Order post and backboard padding separately.

Double Sided Systems

All 6" square post systems shown above are available double sided for efficient space utilization on multi court layouts.
